

Dear Parent,

*Greetings from Al Khozama!*

### Important Announcement on Textbook Approval and Distribution

We warmly welcome you and your children to the Academic Year 2026–2027 and look forward to another year of meaningful learning, growth, and collaboration with our parent community.

We would like to inform you about an important update regarding textbooks for the new academic year. The Ministry of Education (MOE) has made it mandatory for all private Indian schools in the Kingdom to obtain approval for the textbooks used as per the CBSE syllabus through the National Curriculum Committee.

Accordingly, publishers have submitted their textbooks for approval and are currently awaiting clearance from the committee. Since the academic year has commenced, the school will adopt the textbooks that receive approval first, to avoid delays in the learning process.

Once the approval process is completed and the publishers supply the approved books, the textbooks will be distributed to students in their respective classes. Meanwhile, the school has implemented sufficient measures to facilitate the seamless continuation of teaching and learning activities without interruption.

Please be assured that our teaching–learning process will remain uncompromised. Our distinctive approach, guided by the 5A pedagogical method, and rooted in experiential learning, will continue to ensure that students benefit from a meaningful, engaging, and high-quality educational experience.

We appreciate your understanding and continued support.

Warm regards,

**Principal**
